1 THE THREE-QUESTION TEST

Interest: When you read for fun, what pulls you in?

☐ **SCIENCE** How things work / science & tech

☐ **COMMERCE** Money, business & news

Aptitude: How does heavy Maths & Physics feel?

☐ **SCIENCE** A fun puzzle I enjoy it

☐ **COMMERCE** A daily headache I avoid it

Vision: Picture yourself at 28. Where are you?

☐ **SCIENCE** Labs, engineering, medicine

☐ **COMMERCE** Boardrooms, finance, business

Rule: the stream that wins 2 out of 3 is usually your best fit.

2 MYTH-BUSTER STOP BELIEVING THESE

MYTH "Science keeps all doors open."

TRUTH Only if you survive it. A struggling science student has fewer options than a thriving commerce one.

TRUTH False. Commerce hit 62.81% employability in 2026 (India Skills Report) highest of the three streams.

MYTH "You can never switch later."

TRUTH You can. Science commerce is easy; certifications open tech & analytics for commerce students too.
